3. DAY THREE

SPUR AFRIKA MEDICAL CAMP

Spur Afrika medical camp was held from the 10th of January 2024 to the 19th of January 2024. The camp was held at Kibera Human Development Project Medical Clinic (KHDPMC), Holy Trinity ACK Kibera, several children from different schools participated bringing the total number of patients seen during the 3 day camp to 406.

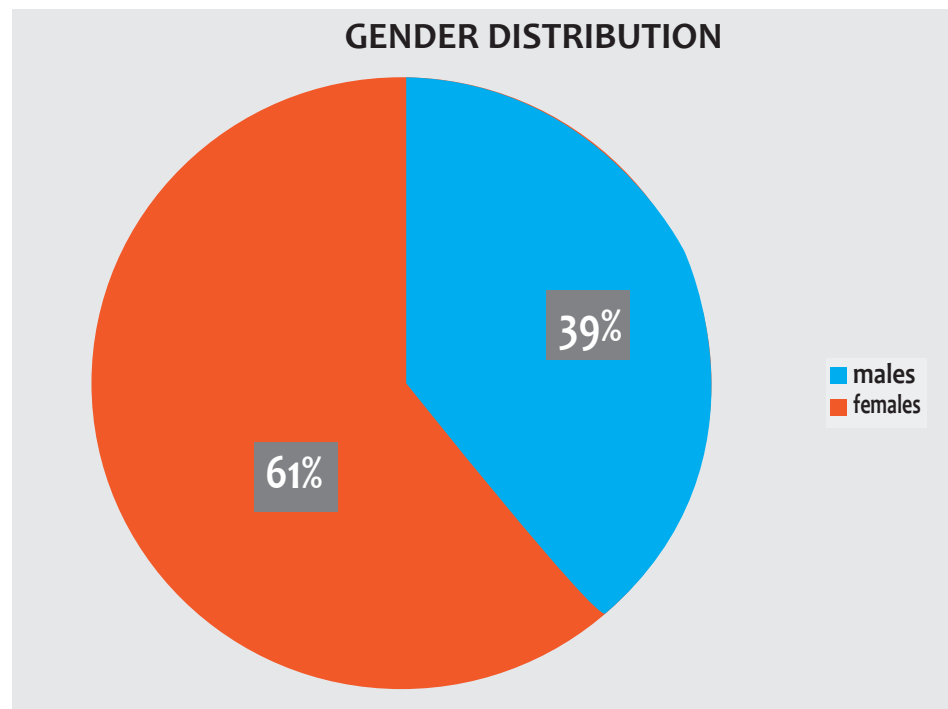

The services offered at the medical camp include dental checkup, general medical examination and laboratory tests. The majority of patients who attended ranged from ages 6 to 18 years of age, all patients were offered the deworming tablets during the tenure of the camp

Respiratory diseases both upper and lower, eye, dental and gastrointestinal conditions were the most common conditions seen.

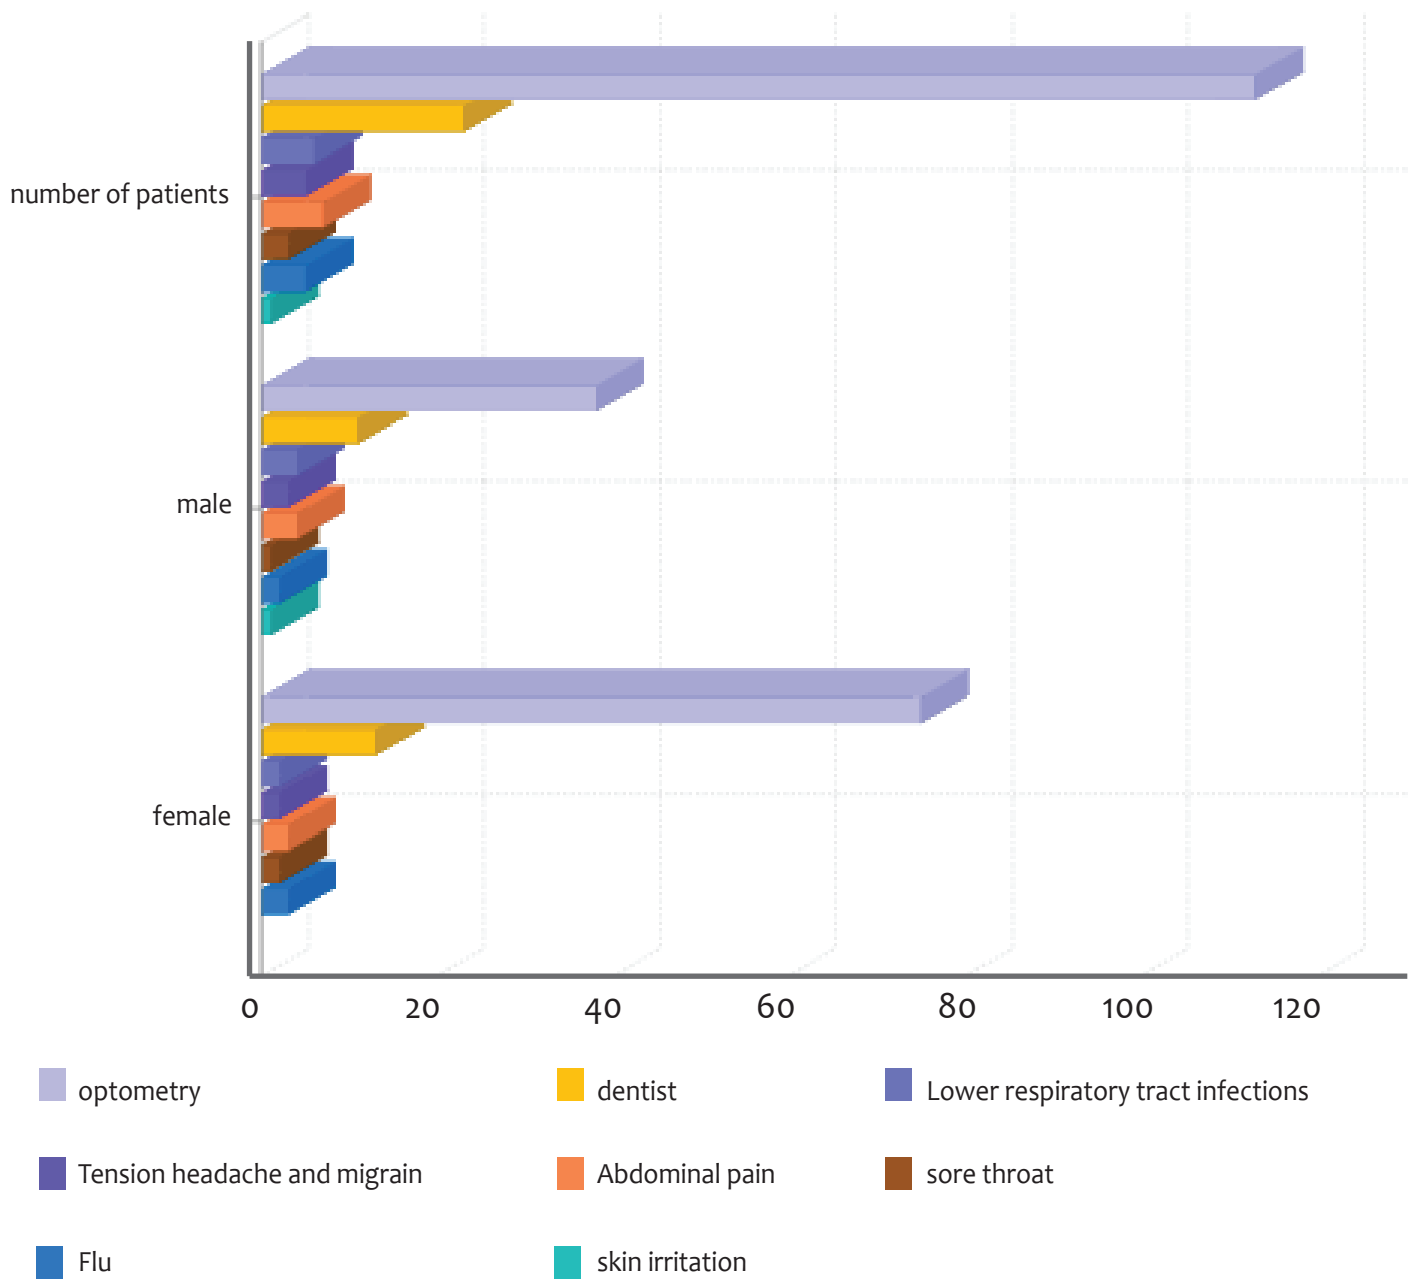

The medical camp was organized and funded by Spur Afrika under Mr. Patrick Ochola and Mrs. Susan, Spur Afrika Australia under Rosalie and Dr. David and a team of local medical personnel under Dr. Stanley Simiyu of KHDPMC and other volunteers
